Let Sight & Sound Exceed Your Wedding Dreams!

WHY CHOOSE *Sight & Sound*

When you call Sight & Sound to discuss your wedding plans, we will send a customized quotation based on your needs complete with references and prices. We will set a time to meet face to face and discuss the options that will make your wedding unique.

A month before the wedding, we will meet again to go over our 3-page function form to get a better understanding of your expectations and musical preferences. The details gathered will ensure a smooth and problem-free **FUN** evening.

At the wedding, Sight & Sound gives you and your guests our music listing catalogue to encourage requests. Then a few weeks after the wedding, you will receive a follow up report asking how we did. We want to make your wedding as unique as you are, and we want people to remember how much **FUN** your wedding was.
